2020 FAQ'S

How has COVID-19 impacted the 2020 Leadership Competition and Power Trip?

Like many programs and experiences globally, COVID-19 has changed how Country to Canberra will run the Power Trip prize for our 2020 Leadership Competition winners. Due to COVID-19 we decided that we need to postpone our 2020 Power Trip.

Although the Power Trip prize has been postponed, not cancelled, we know our rural communities need connection and support more than ever. Country to Canberra has developed a new online experience called C2C on Screen, that will give winners the chance to meet each other, participate in workshops, and hear from powerful women.

What is C2C on Screen?

C2C on Screen is a brand new virtual program, which forms part of the exclusive prize our 2020 Leadership Competition winners have scored! Over 2 days, our winners will meet and be mentored by high profile women, engage in leadership and empowerment workshops, and receive exclusive opportunities from our key sponsors, including AgriFutures Australia and the University of Canberra.

Will 2020 Leadership Competition winners still get to go on a Power Trip to Canberra?

The Power Trip is a life-changing opportunity, and Country to Canberra is committed to making sure our 2020 winners get to have this incredible experience! The Power Trip has been postponed, not cancelled. As restrictions and advice develops, our team will be working hard to run the Power Trip for 2020 Leadership Competition winners in 2021, rather than in November/December of 2020 as originally planned.

Where can I follow what's happening with the Power Trip?

Our Facebook, Instagram, Twitter, and LinkedIn will have regular updates posted. Our website will also have our Terms and Conditions, COVID-19 FAQ documents, and program information regularly reviewed and updated. Our 2020 winners and Top 40 will also be announced across these platforms, so keep an eye out!
